L	0.9	34.0	Little Philadelphia Rd				

Comment: Another version of the Frenchtown Challenge that begins with a 10 mile warm-up but features a number of major ascents. The major climbs are generally separated by long, relatively flat stretches. The rewards for the climbs are a great descent on Summerfield Rd down to Route 57, shortly before Fiddlers Elbow, and a long hammer section into Milford on Route 519 South, continuing on Route 619 South all the way into Frenchtown.
